Increase of the share capital takes place upon acquisition and the issuance of shares, whereas notification to the registration court takes place after that date. Following the conversion, the Issuer's share capital amounts to PLN 3,670,414 (three million six hundred seventy thousand four hundred fourteen zloty) and is divided into: 350,000 (three hundred fifty thousand) registered shares and 1,485,207 (one million four hundred eighty five thousand two hundred and seven) bearer shares. Hence, the total number of votes at the General Meeting amounts to 3,235,207 (three million two hundred thirty five thousand two hundred and seven). The new series L shares represent 0.2% (two tenths percent) of the Issuer's share capital and 0.1% (one tenth of a percent) of the total number of votes at the Issuer's General Meeting.
