RESOLUTION
of the Supervisory Board of LPP SA
of 15 May 2017

on the comprehensive evaluation of the Company’s position in 2016, including in particular: (i) evaluation of the financial reporting process, (ii) evaluation of the internal control system, internal audit and risk management system, (iii) evaluation of financial auditing activities, (iv) evaluation of the impartiality of the auditor auditing the financial statements of the Company and the LPP SA Capital Group, and (v) self-evaluation of the activity of the Supervisory Board

The financial year 2016 was yet another year of the development of the Company and its capital group. The revenues of the LPP SA Capital Group reached a record-breaking level exceeding PLN 6 billion (PLN 6 019 046 thousand), and the sales were conducted in 1 703 stores in eighteen countries on three continents.

As mentioned above, the sales revenues of the LPP SA Capital Group amounted to PLN 6 019 million and were 17.3% higher than those generated in 2015. In the financial year 2016, LPP SA generated net profit exceeding PLN 280 million, and the LPP SA Capital Group generated net profit of approx. PLN 175 million. In both areas, net profit is lower than that earned in the preceding financial year, with the net profit of the LPP Capital Group being lower by approx. 50%.

The stores’ retail space was increased by approx. 77 thousand m² (i.e. by approx. 9.2%). At the end of 2016, the total retail sales space in the entire LPP SA Capital Group was approx. 920.8 thousand m², with approx. 424.2 thousand m² outside Poland.

In 2016, the sales of the LPP SA Capital Group through the e-commerce channel significantly increased. In 2016, the LPP SA Capital Group earned PLN 173 million of revenue from online sales (as compared to approx. PLN 79 million in 2015), which constituted 2.9% of the Group’s sales (as compared to 1.5% in 2015). Approx. 86.0% of online sales were generated domestically. At the end of 2016, the LPP SA Capital Group had online stores of all five brands operating not only in Poland but also in Germany, the Czech Republic, Slovakia, Hungary and Romania. The Company was preparing to launch in the following year online stores in Russia, Ukraine, in the Baltic States and Great Britain.

At the end of 2016, the LPP SA Capital Group held nearly PLN 366 million in cash, with credit facilities totalling PLN 510 million, which means that its net debt amounted to PLN 144 million and was lower by PLN 477 million than a year ago. At the same time, the net debt / EBITDA ratio reflecting financial safety was reduced to 0.3 (from 0.9 a year ago). The Company is aiming at maintaining the net debt / EBITDA ratio below 1.0.
In the financial year 2016, the Company’s profitability ratios decreased as compared to the previous period. Among others, the gross profit margin on sales decreased by 4.7%, while return on equity (ROE) decreased by 11.2%.

In 2016, in the LPP SA Capital Group, there were implemented numerous changes involving many aspects of the Group's operations, the effects of which should be seen in 2017 and the years to come. In the analysed 2016, the LPP SA Capital Group focused on changing and developing its most important brand i.e. RESERVED. Many changes have been introduced to improve the product itself (specifically in terms of fashion, aesthetics and the quality of workmanship), including changes in logistics (store categorisation and changes in stocking of stores) or more efficient management (reinforcement of product departments, employment of foreign designers, the opening of a new RESERVED design office in Warsaw). Furthermore, the clearance sales policy and the stock management system have been changed.

With due consideration of the increasing public awareness in respect of the protection of animal rights as well as expectations of many consumers, and in recognition of challenges concerning the alleviation of the environmental impact of the Company's operations, the LPP SA Capital Group has concluded an official memorandum with the “Open Cages” organisation, as part of which the LPP SA Capital Group has joined an international initiative called Fur-Free Retailer. Consequently, starting with the AW collection for 2016/17, the LPP SA Capital Group will give up natural fur in all brands.

In 2016, the attempt to introduce Tallinder, a new premium brand, to the market was unsuccessful. It had its debut in 2016, yet, due to its sales results substantially diverging from what was assumed, at the end of the year, the Company’s Management Board decided to abandon developing that brand and close it, simultaneously increasing outlays for, and focusing on, RESERVED as the leading brand.

As mentioned above, despite the fact that, in 2016, the revenues of the LPP SA Capital Group increased by 17% y/y, its net profit was lower by 50% y/y and totalled PLN 175 million.

In conclusion, the Supervisory Board acknowledges that the overall position of the Company in 2016 was good.

In the opinion of the Supervisory Board, there are no prerequisites that may pose a real threat to the Company’s going concern.

The Supervisory Board examined the financial reporting process implemented in LPP SA. In the opinion of the Supervisory Board, the financial reporting process in LPP SA complies with legal requirements and meets relevant functional needs.

While analysing those issues, the Supervisory Board reviewed the results of control procedures carried out by the Company's internal auditor. The reports did not provide for any significant threats to the Company's operations.
The Supervisory Board examined financial audit procedures in LPP SA. As assessed by the Supervisory Board, the financial audit procedures carried out in LPP SA comply with legal requirements and meet relevant functional needs.

The Supervisory Board assessed the independence of the auditor auditing the financial statements of the Company and the LPP SA Capital Group. The Supervisory Board evaluated its own activity. Following such assessment, the Supervisory Board acknowledges that the Supervisory Board has performed all the duties provided for in the provisions of law and the Company's internal regulations. In addition, during their meetings, the Supervisory Board analysed, on the day-to-day basis, the Company's standing and supported the Management Board's ongoing activity. Consequently, the Supervisory Board has positively assessed its activity in the financial year 2016.

on the evaluation of fulfilment of the Company's reporting duties in respect of application of corporate governance principles arising from good practices and the provisions of law on current and interim information submitted by issuers of securities

LPP is required to fulfil reporting duties in respect of application of corporate governance principles stemming from the Warsaw Stock Exchange Rules and the Regulation of the Minister of Finance of 19 February 2009 on current and interim information submitted by issuers of securities and on the terms and conditions for recognition as equivalent of information required under the laws of a non-member state (consolidated text: Journal of Laws of 2014, item 133, as amended). Current rules for providing current reports on the application of specific principles of corporate governance are defined in Resolution No. 1309/2015 of the Warsaw Stock Exchange Management Board, dated 17 December 2015. The WSE Rules stipulate that, when a specific principle of corporate governance is not applied on a permanent basis or is breached incidentally, the issuer is required to publish a report in that respect. The report should be published on the issuer’s official website, in a manner similar to that applied for current reports. Pursuant to Resolution No. 1309/2015 of the WSE Management Board, reports on the application of specific corporate governance principles are communicated through the Electronic Information Base (EIB). The Regulation of the Minister of Finance of 19 February 2009 specifies information to be incorporated in the statement on corporate governance, constituting a separate part of the report on the issuer’s operations in the company's annual report.

The Supervisory Board assesses that LPP SA properly fulfils its reporting duties related to the application of corporate governance principles.

On 15 April 2016, the Management Board of LPP SA made a statement that, in 2016, the Company would apply corporate governance principles attached as Enclosure to Resolution no 26/1413/2015 of Stock Exchange Council of 13 October 2015, titled the “Best Practice for WSE Listed Companies” (DPSN, Corporate Governance Principles), published on a website focusing on the issues of best practice of companies listed on Giełda Papierów Wartościowych w Warszawie SA, kept by Giełda Papierów Wartościowych w Warszawie SA at https://www.gpw.pl/lad_korporacyjny_na_gpw.

The Management Board of LPP SA declared that, in 2016, the Company and its governing bodies complied with recommendations and detailed principles provided for in the “Best Practice for WSE Listed Companies 2016”, except for:
recommendation IV.R.2 - conducting the annual general meeting by means of electronic communication (real-time broadcast of the meeting, two-way communication in real time, exercise, in person or by a proxy, voting rights during the general meeting);

recommendation VI.R.1 - remuneration of members of the company’s governing bodies and key management officers should follow the adopted remuneration policy;

recommendation VI.R.2 - the remuneration policy should be strictly related to the company’s strategy, its short- and long-term goals, long-term interests and results, taking into account solutions necessary to avoid discrimination on whatever grounds;

detailed principle I.Z.1.20 – placing an audio or video recording of a general meeting on the corporate website;

detailed principle IV.Z.2. - ensuring publicly available real-time broadcasts of general meetings;

detailed principle VI.Z.4. - publishing a report on the remuneration policy in the report on operations. The Company does not apply this principle.

Information on the Corporate Governance principles was accessible at the Company’s corporate website: www.lppsa.com/relacje-inwestorskie/lad-korporacyjny.

The Company does not apply corporate governance practices beyond the requirements set forth in the provisions of domestic laws.

Apart from the aforementioned exceptions, the Supervisory Board has ascertained no other violations of the “Best Practice for WSE Listed Companies 2016”.

In addition to communication via the EBI system, LPP SA publishes on its website documents specified in section I.Z.1 in Polish and English.

The Supervisory Board reviewed the statement on corporate governance, incorporated in the Annual Report of LPP SA and in the Annual Report of the LPP SA Capital Group. The said statement specifies in detail corporate governance issues and provides information specified in the Regulation of the Minister of Finance of 19 February 2009 on current and interim information provided by issuers of securities and on the terms and conditions for recognition as equivalent of information required under the laws of a non-member state.

Furthermore, according to section I.Z.1.13 of the “Best Practice for WSE Listed Companies 2016”, the Company publishes on its website information on the application of the principles and recommendations provided for in the said document. In addition to the rationale for non-compliance with the principles in question, the said information provides comments to recommendations not applied by the Company.

The Supervisory Board assesses that the information provided by LPP SA is consistent with the requirements and presents fairly the state of application of corporate governance principles.
RESOLUTION
of the Supervisory Board of LPP SA
of 15 May 2017

on the evaluation of the rationale for the charity and sponsorship policy followed by the Company

The Supervisory Board of LPP SA positively assesses the charity and sponsorship policy followed by the Company in 2016 in terms of its reasonableness and adequacy.

Due to the nature of its operations, starting from 1996, the Company has made charitable donations of clothing of the brands owned by the Company. This form of support is addressed to over one hundred and twenty non-governmental organizations (associations and foundations) in Poland. In the years 1996-2016, the value of donations made by LPP SA in the said form totalled over PLN 18 million net.

Following the initiative of employees of LPP SA, a corporate volunteering programme has been implemented in the Company to take actions for the benefit of people and organisations in need of support.

So far, the Company has focused mainly on aid for the sick, children and the youth at risk of social exclusion, investing its funds in projects addressing the said issues.

Starting from 2010, in December, in the Company's headquarters, LPP employees continue their special programme “Santa’s Time”, collecting funds and preparing, with the Company’s financial support, Christmas gifts for a chosen local organisation, including, for the last few years, Caritas Gdańsk. So far, the Company has given support to over 550 people in need from Gdańsk and Cracow.

Owing to the commitment of employees, in 2016, “Santa’s Time” has ended with record-breaking donations in kind and in cash of a total value exceeding PLN 100 thousand.

For many years, LPP has been also operating with the Gdańsk Hospice Foundation. That cooperation started over 10 year ago. By encouraging customers to transfer 1% of their income tax for the organisation and by donating clothes and gift cards to our stores that go to dozens of hospice establishments, the Issuer supports the Foundation also financially. In the years 2013-16, the Foundation received financial aid in the amount exceeding PLN 140 thousand. In 2016, LPP SA joined the Orphans Fund, providing funds for scholarships addressed to 42 programme beneficiaries.

In September 2016, LPP SA notified of having joined the Fur Free Retailer campaign. Starting from the AW 2016 season, collections of all 6 brands will be fur-free. It means that there will be no natural fur in any form in any collections, including accessories and winter coat trims. The Company has signed an agreement to that effect with the Open Cages Association. The decision of LPP has received a very positive feedback from customers, non-governmental organisations and other stakeholders.
In 2016, LPP SA signed an agreement for the preparation and organisation of a joint programme for employment activation of beneficiaries of the Social Innovations Foundation. The beneficiaries of the Foundation will gain their first professional experience through training sessions, by getting prepared for the requirements of the labour market and, ultimately, by being employed in the Issuer’s sales network.

In 2016, a separate position was established in the Company, namely CSR Coordinator, in the Corporate Communication and Sustained Development Department. The duties of the CSR Coordinator cover, among others, the implementation and execution of the CSR strategy, preparation for non-financial reporting and the implementation of a policy for performing sponsorship and charity activities, which currently has no form of document.

In the opinion of the Supervisory Board, the said actions comply with corporate social responsibility requirements relating to a reasonable charity policy. The Company has carried out no major sponsoring activities.

Having presented the wording of the resolution, the Chairman of the Supervisory Board asked whether there were any other proposals for the resolution in question. None of those present proposed a resolution of a different wording or any changes to be made in the wording of the resolution proposed by the Chairman of the Supervisory Board.

Therefore, the Chairman of the Supervisory Board ordered a voting in favour of the only resolution proposed.

After the voting and following the calculation of votes, the Chairman of the Supervisory Board stated that the said resolution was adopted unanimously, with four votes “in favour”, no votes “against” and no abstentions.
